SEARCH FOR SPANIARDS

Whereabouts of the Flotilla Still a Mystery.

AS SOON AS FOUND IT WILL BE GIVEN BATTLE.

Washington, May 19—Special—It is very evident to naval officers here that Admiral Cervera is not spoiling for a fight with Sampson's squadron, reinforced as it now is by the Oregon and her consorts, with the Flying squadron near at hand. The superiority of the combined American squadrons to the half-dozen ships in command of Cervera must be fully apparent to the Spanish admiral, and his only hope of victory lies in meeting our ships in small fleets. He might attempt to run along the blockaded coast of western Cuba, destroying Commodore Watson's unarmored ships before giving battle to our fighting squadrons. But before he could reach Cienfuegos, 1,000 miles from Curacao, by way of Kingston, Admiral Sampson's squadron could sail through the Windward Passage and directly across his track. In the meantime Cervera is dodging, in the hope that the Americans may be caught napping. This hope, however, will be vain, as the American commanders are fully alive to the requirements of the situation.

Something of a Puzzle.

Washington, May 19—Special—The statements that come from Madrid relative to the fleet now at Cadiz are extremely conflicting. One day it is said to be destined for the Philippines to drive Dewey from Manila, and the next it is affirmed that its design is to sail west and bombard American seaport cities. The president is not worrying as to Dewey, who will be fully supplied with supplies and troops carried by the Charleston and her companion boats that left San Francisco the other day, and which can easily reach Manila before any Spanish fleet could do so. There is little to fear of the bombardment of our seaports. With few exceptions these are well guarded by ordnance superior to any on board the Spanish vessels. Of course a bombardment would do harm, but the injury to the Spanish fleet would be far greater than any it would be capable of inflicting.

Rumored Sea Fight.

Key West, May 19—Special—A report is current that the lighthouse tender Mangrove has been captured by the Spaniards. It is also reported that the cruisers Nashville and Marblehead had a running fight with three Spanish warships Wednesday night at the extreme end of Pinar del Rio. It is stated the Spanish ships were headed for Havana when sighted. The Americans gave chase. The result of the fight is unknown.

Looking for the Fleet.

Key West, May 19—Special—Scouting boats sent to Yucatan Channel have brought in no news. It is therefore thought the Spanish vessels have not been sighted along the southern coast, and the fleet may yet be in the Caribbean sea. Naval officers have little idea where a battle may be expected to take place, yet they still hold to the belief that a fierce engagement may soon be looked for between Sampson's squadron and the Spanish fleet.

The Expected Battle.

Washington, May 19—Special—The navy and state departments used cables freely yesterday in an effort to locate Cervera's fleet. Whether their efforts were successful is not known. Sampson's whereabouts are unknown, except to a small number of officials. The government expects to hear of a naval battle somewhere south of the Florida peninsula before the end of the week.

A Mysterious Fleet.

New York, May 19—Special—A dispatch from Kingston, Jamaica, says a number of large steamers, apparently warships, passed the extreme east end of Jamaica yesterday. They were going at a tremendous speed, heading in the direction of Santiago de Cuba. It is thought it might be the Spanish Cape Verde fleet.

The Charleston Disabled.

San Francisco, May 19—Special—The cruiser Charleston has returned to the navy yard with a broken condenser. It will take two days to make repairs.

CAPT. T. E. JEWELL.
Commanding the United States Cruiser "Minneapolis."

SEVERE WIND STORM OVER THIS SECTION STATE SWEPT BY A GREAT CYCLONE

IT RAISES HAVOC ALL ABOUT ROCK COUNTY.

Small Trees and Buildings Suffered in This Vicinity—Washouts Delayed the Passenger Trains—Wires Were Wrecked, Causing Much Trouble to Station Operators.

The high winds that passed over Janesville last evening, assumed the shape of a small sized tornado in many portions of the state, creating havoc in many towns and villages. Just before midnight a heavy rain poured down on Rock county, causing considerable damage to the railroads. Washouts along the lines had the effect of delaying both passenger and freight trains on the Chicago & Northwestern railroad into this city. The midnight Chicago & St. Paul passenger, due in Janesville at 12:45, was obliged to turn back after leaving Chicago last evening, and travel north via Belvidere, arriving here at 7 o'clock this morning.

Bad Washouts.
Washouts along the main line near Woodstock and Crystal Lake are frequent, and the means of causing the greater portion of the trouble. At an early hour this morning a large force of men were put to work, and the washouts were repaired so that the morning and noon trains into Janesville arrived on time.

Tel graphic service on the North-western road along this section was badly crippled last evening between this city and Chicago, and it was not till an early hour this morning that the damaged wires were repaired.

On the Chicago, Milwaukee & St. Paul road the heavy rain during the night caused but little damage to the tracks in this section of the state, and the morning trains into this city were not delayed, all arriving and departing on time. The high winds raised havoc with the companies' wires in Illinois, but it gave the local office no extra trouble.

Telephone Wires Down.

Manager Slater, of the local exchange of the Wisconsin Telephone Company, reports no serious damage to the telephone wires in this city or immediate vicinity.

Along the Lake Geneva line, near the city of Geneva, the damage by the high winds was noticeable, and wires by the score were blown in many sections so that communication was entirely cut off for a time. Although the winds in this city and vicinity were blowing at a terrific rate of speed last evening, but little damage is reported aside from the fact that some outbuildings were blown over and small trees were made to suffer.

Damage to the Country.
Passengers arriving in the city this morning from Dane county report that the damage wrought in that section was heavy and that several tobacco sheds were razed to the ground.

Janesville and Rock county were fortunate in escaping what has proved to be the severest storm that has visited this section in some time.

A New Baking Powder.

We have just received a large invoice of Sprague, Warner & Richelleau Baking powder, an article of the highest grade, one that is equal in every way to the best powders in the country. Its name is a sufficient guarantee of its worth. Every article coming under the Richelleau brand is the very best possible to be put up. Richelleau powder sells at 35 cents a pound can, Sanborn.

PIERCE AND ONEIDA COUNTIES IN ITS TRACK.

Round House at Pennington Destroyed and Two Men Injured—Six Are Reported Killed at Harshaw—Many Houses Damaged and Destroyed.

Bihnelander, Wis., May 19—[Special]—A cyclone passed from west to east across Pierce and Oneida counties in northern Wisconsin last night. The track of the storm extended forty miles from Brinton, Pierce county, to Pennington, Oneida county. Both towns are on the Soo railroad. At Pennington the round house, depot and a number of houses were destroyed. Two men, Charles Fosberg, section foreman, and E. C. Beckman, car repairer, were killed. Eight were injured. Five are reported killed at Harshaw, a small lumbering town twenty miles west.

Chicago, May 19—[Special]—Late dispatches from points in Iowa, Illinois and Wisconsin that were struck by the cyclone yesterday, decrease the number of lives reported lost. At Adeline, Illinois, three were killed. Five members of the Nelson family at Stillman Valley, Ill., are dead. Several persons reported killed in Iowa have been found alive. Only two deaths are confirmed in Wisconsin, but as soon as communication is restored, it is possible the list may be increased.

THEIR EXPENSES WILL BE PAID

Rejected Recruits, However, Are Not Entitled to Any for Their Time.

Certain rejected members of Co. A, who have arrived in Janesville of late from Camp Harvey, have not received any pay for the time they spent there, and although their expenses will be borne by the government they will have to look elsewhere for their per diem. In referring to the subject a Washington dispatch says:

"Inquiries have been pouring into the war department from the governors of states as to whether the department would pay the expenses of and allow per diem compensation to the men who responded to the governor's call and were subsequently rejected by the examining officers of the United States army. A decision has been reached that the government will bear all of the transportation and subsistence expense of rejected applicants from the date of their enrollment to that of their rejection, including their transportation and subsistence from the state camp to their homes. No per diem pay will, however, be allowed as the men were not in the United States army. The various states will have to bear the per diem expense themselves."

MR. FETHERS WILL SPEAK

Booked for a Ten Minute Address at Madison Next Month

Hon. Ogden H. Fethers, of this city, will make a ten minute speech at Madison on June 7 along with a number of representative citizens of the state who will assemble there to attend a press reunion in honor of the coming semi-centennial celebration. President Brown has been arranging to have the history of the press throughout the state written up by connoisseurs. On the evening of June 7 a banquet will be held in the Presbyterian church. On the same evening a grand roundup meeting will be held in the university armory to take care of the overflow from the banquet.

READY FOR INVASION

Troops at Tampa Prepared for Embarkment to Cuba.

RECENT ARRIVALS FROM THE NORTH WILL NOT GO.

Tampa, Fla., May 19—Special—Everything is in readiness here for the invasion of Cuba. There is a sufficient force in camp here and at Mobile, but officers are awaiting the arrival of recruits from the northwest, chiefly from Illinois and Wisconsin, to take the places of more seasoned soldiers who will be sent to the island. It is believed that all the troops now here will be able to stand a campaign in Cuba as well as if they had spent years upon the soil. They are hardy and thoroughly acclimated, many of them being yellow fever immunes.

Movement of the Fleets.

Washington, May 19—Special—Naval and military authorities maintain absolute secrecy relative to the movements of the fleets under Sampson and Schley. It is nevertheless learned that they are in the same relative positions as they were yesterday. It is thought that Schley will start today from Key West to round the western end of Cuba and be in a position to co-operate with Sampson should the Spaniard's give him battle in the Windward Passage. There is much impatience to hear of an encounter, and it is the opinion of prominent officials that it will take place before the close of the week.

The Oregon's Arrival.

Key West, May 19—Special—It is learned here definitely that the battleship Oregon, together with the gunboats Marietta and Buffalo, have formed a junction with Sampson's fleet. The commander of the Oregon says that at no time during the voyage had he sighted a Spanish vessel save at Bahia, where a small gunboat lay at anchor and did not attempt to follow him to sea. The voyage from the Pacific was uneventful.

Fire on the St. Paul.

Jacksonville, Fla., May 19—Special—The fire in the coal bunkers on the cruiser St. Paul seems to have been serious. Quick action alone prevented the spread of the flames to the ammunition. The fire was burning with fearful rapidity, and great quantities of water were poured on the flames before they were extinguished.

The Firing at Santiago.

Washington, May 19—Special—The reported bombardment of Santiago is thought to have been in accordance with the plan to isolate Blanco by cutting the Santiago cable. It is believed small boats were grappling for the cable, and that the ships assisted them in their work by firing on the fortifications.

War Fever Abating.

New York, May 19—Special—A special cablegram to the Herald says the war fever is abating in Spain. The distinctive feature of the present crisis is that there is not a single public man who inspires the smallest confidence. But it is still premature to talk of peace.

Gomez Will Cooperate.

Washington, May 19—Special—A letter from Gomez was received by the Junta last night in which he pledges his co-operation with the United States troops, despite Spanish stories that he was trying to ally himself with Spain.

Santiago Bombed.

Havana, May 19—Special—Three American warships bombarded the fortifications at Santiago de Cuba yesterday. Only slight damage was done. No details of the engagement have been received here.

Rev. Edward H. Pence, of the Presbyterian church, has gone to Warsaw, Ind., to attend the Presbyterian General Assembly, which is now in session there. He was accompanied by M. H. Sovorhill.

ALL THE NEWS OF THE BADGER STATE

GEN. BOARDMAN'S PLANS FOR NATIONAL GUARD.

Mr. Gompers Will Endeavor to Settle the Woodworkers' Strike at Oshkosh—French Woman at Marinette Suffering from Leprosy—General Intelligence from Various Quarters

La Crosse, Wis., May 19.—O. S. Van Akin, president of the Wisconsin Building & Loan association, has communicated with all members of congress from this state in regard to the proposed tax on such organizations in the war revenue measure.

Senator John L. Mitchell has reported as follows: "The finance committee has amended section 16 of the war tariff bill so that stocks and bonds, issued by co-operative building and loan associations whose capital stock does not exceed \$100,000, and building and loan associations or companies that make loans only to their shareholders, shall be exempt. The intention is to tax such associations as have large capital, and others which do a general loan business the same as bankers, trust companies and other like corporations. There has been no intention of striking out the exemption in the house bill. The amendment limits the exemption to associations which make loans to their own shareholders. If your loans are made in that way only, your association will not be affected by the bill."

REORGANIZING THE GUARD

State Militia Will Again Be Placed on Substantial Footing

Milwaukee, May 19.—Adj.-Gen. Boardman was at Hotel Pusier last night and outlined the first step that will be taken in the reorganization of the Wisconsin National guard. He said that the call for arms sent out by the quartermaster when it became evident that there would not be sufficient equipment at Camp Harvey to supply all the troops there, was generously responded to, camps of the Sons of Veterans, Grand Army posts and other organizations forwarding everything they had in sight. The result has been that it is now found that over 1,000 rifles remain at camp, even after the companies have been provided for, some of these arms may not be quite serviceable, but they will do to drill with. The best among them will at once be distributed among the National guard companies of Milwaukee.

The reorganization will practically begin tomorrow, he said, when there will be forwarded from Camp Harvey to the Broadway armory at Milwaukee these 1,000 rifles, together with some belts, bayonets, sabers and parts of uniforms and everything, almost, except canteens, haversacks and knapsacks.

GOMPERS WILL TAKE ACTION.
He Will Try to Settle the Oshkosh Woodworkers' Strike.

Oshkosh, Wis., May 19.—An attempt to have certain manufacturers arrested for violating the Child Labor law; the announcement that Samuel Gompers had been called upon to take charge of the strike, and a proposed call out of the employees of the saw-mills and furniture factories, were the new features of the woodworkers' strike yesterday.

A committee of strikers visited court yesterday and wanted warrants as indicated above but were dismissed.

Mr. Gompers will be here Sunday, and will take the helm. The charge has been made that the sawmills and furniture factories are doing work for cash and door concerns. This will be investigated, and if proved the sawmill and furniture factories' men will be called out. Most of them are members of the union. Otherwise the situation is as yesterday.

The factories are nominally running, but have made no additions to their crews. There has been absolutely no disorder.

SUFFERING FROM LEPROSY.

Woman in Marinette Suffering From the Terrible Disease.

Marinette, Wis., May 19.—Marinette, it is said, has a leper—a French woman, by the name of Mrs. Cabilas, said to be afflicted with the disease. Her fingers are dropping off, and her entire body is going to decay. The health officials are investigating the case, and will probably isolate her. The disease first manifested itself twelve years ago, and started in a little sore on her finger. This is the

second case found in the city, the other resulting fatally about a year ago.

Bod Carriers Strike

Racine, Wis., May 19.—About 150 bod carriers and servers went out on a strike this morning. They were receiving 17½ cents per hour for nine hours' work and demanded 20 cents, which was not conceded to by the boss masons and bricklayers. Boss carpenters and other contractors received notice signed by the majority of unions of the city that they would not work with the non-union men. It is feared that a sympathetic strike may occur and that it will affect building.

Pensions for Wisconsin People

Washington, May 19.—Pensions granted persons residing in Wisconsin: Original—Michael Leunke, Rube, 12; John McMurray, National Home, Milwaukee, \$6. Additional—John Alroy, Pardeeville, \$6 to \$8. Increase—Geo. D. Warner, McDill, \$10 to \$12.

State News in Brief

Joseph Rozdalski, 21 years of age, was fatally injured by his brother-in-law, John Kaczmarek, in a friendly wrestling bout at the home of Ignatz Rozdalski, in the town of Lake four miles south of Milwaukee, last Sunday. Young Rozdalski died Monday evening at St. Mary's hospital, where he had been taken for an operation for rupture of the bowels sustained in the wrestling.

Mining operations in the copper country of the state have increased to such an extent that there has come, it is said, a scarcity of men. The improved condition of business in that section of the state and Upper Michigan is attributed to the resumption of operations in the Isle of Royale mine near Houghton, the Baltic, Winona mines, and others on the South Range.

The High school principals of the state will hold a convention at Madison, May 27, the same time that the High school athletes of the states will have the annual inter-scholastic field meet at Camp Randall. On the evening of the same day the principals will be given a banquet by the faculty of the university.

George H. Hazzard, commissioner of the Interstate park of the Dalles of the St. Croix, has been advised that the Park and Out Door Art association has accepted his invitation to visit the Dalles in connection with their annual meeting, which will be held in Minneapolis June 22.

The Ludington, Wells & Van Schaack company, of Marinette, has sold the Chicago Stock Yards company 4,000,000 feet of 3-inch planks. It is a \$60,000 deal. The lumber is to be used for flooring purposes in the alleys and pons of the stock yards.

A new post of the Grand Army of the Republic has been organized at the Soldiers' home by Post Commander-in-Chief A. G. Wolsert. It will be known as Old Guard, No. 211. Twelve different states are represented among the charter members.

The thirteenth annual dinner of Battery A, First Light artillery, of Milwaukee, will be given May 30, unless the battery is ordered into service before that time. The dinner will be confined to members.

REPORTS BUSINESS AS GOOD

Laundrying at Baraboo Is Flourishing These Days.

Charles Stanton, who is now running a steam laundry in Baraboo, is in town for a brief visit. In speaking of the laundry business in Baraboo, Mr. Stanton says that it is all that could be expected, and that business has been good with him since he moved there. The city being but a short distance from the Dells and in close contact to Devil's Lake, makes a noticeable difference. The wintering of the Blazing Bros' circus in Baraboo makes quite a demand for laundry work.

Mr. John Peterson, of Patonville, La., was very agreeably surprised not long ago. For eighteen months he had been troubled with dysentery and had tried three of the best doctors of New Orleans, besides half a dozen or more patent medicines, but received very little relief. Chamberlain's Colic, Cholera and Diarrheas Remedy, having been recommended to him, he gave it a trial and to his great surprise, three doses of that remedy effected a permanent cure. Mr. McNamara, a well known merchant of the same place, is well acquainted with Mr. Peterson and attests to the truth of the statement. This remedy is for sale by People's Drug Company, corner of Main and Market streets.

CELEBRATE ASCENSION DAY

Rev. Mr. Koerner officiates at Hanover and in This City.

Rev. J. C. Koerner, pastor of St. Paul's Lutheran church, conducted special Ascension day services this morning in Hanover, where he preached to a large and appreciative audience. This evening at 7:30 o'clock, services of a similar nature will be held in this city at St. Paul's Lutheran church, Rev. Mr. Koerner to officiate.

"I would not be without Chamberlain's Remedy for its weight in gold," writes D. J. Jones, of Holland, Va. "My wife was troubled with a cough for nearly two years. I tried various patent medicines, besides numerous prescriptions from physicians, all of which did no good. I was at last persuaded to try a bottle of Chamberlain's Cough Remedy, which promptly relieved the cough. The second bottle effected a complete cure." The 25 and 50 cent bottles are for sale by People's Drug Co., corner Main and Milwaukee streets.

NEWS FROM NEARBY NEIGHBORHOODS

INCOMINGS AND OUTGOINGS OF ROCK COUNTY PEOPLE.

Gossip of a Personal and Business Character gleaned by Gazette Reporters in the Garden Spot of Wisconsin — Religious and Social Notes.

Clinton, Wis., May 18.—Burglars evidently with intent to enrich themselves at the expense of M. M. Murray broke in his shoe store yesterday morning about 2 a.m. They displayed much skill in effecting entrance by detaching a screen and removing a window stop, making it easy to shove back the catch when no obstruction remained to raising the window, after which they entered, removing the contents of a box containing a good pair of shoes, extemporized a lantern by placing within it a sperm candle, with apertures to emit light, and proceeded to investigate the safe, as indicated by evidence left behind, and no doubt, would have convinced themselves that nothing worth taking was in the safe, or took it, if Jacob Miller had not been disturbed in his slumbers by the electric storm, which reminded him that uncovered metal required his attention, he being the mason working in the interest of George Wilcox. Mr. Miller came on Main street and saw a light which he thought a reflection from Night Watchman Baldwin's lantern, and desiring to borrow a light hallowed to him, when the light disappeared and the would-be burglars decamped through the window which they entered. In their haste to escape they dropped most of their plunder. When Mr. Miller sound Watchman Baldwin, and while they were proceeding up the alley to accomplish the mission of covering up mortar beds, in the rear of Murray's store discovered shoes, gloves, etc., which called attention to the open window, and when they entered they found the box on fire. They put out the blaze and notified Mr. Murray.

The ball players of the east side planned well to defeat the more numerous west sides last Thursday, and with ability accomplished the designs. Today it is expected that we will repeat the dose.

MORE ABOUT THE ZANDER CASE

Lieutenant Baldwin Approves of the Course of Captain Hanson.

First Lieutenant Henry Baldwin, of Company A, who made a visit here over night, returned to Camp Harvey this morning.

In speaking of the trouble at camp which resulted in Sergeant Zander's resignation Lieutenant Baldwin says that the citizens of Janesville have only heard the Zander part of the story, and that when the facts in the matter are known it will plainly be seen that Captain Hanson made a move governed by higher orders, and that he executed such orders in strict accordance with military rules.

TRYING TO LOCATE CREAMERY

Chicago Agent Looking for a Site in This City or Vicinity.

A. W. Hutchins, of Chicago, was in the city yesterday for the purpose of looking for a suitable site for the establishment of a creamery. After taking a drive of several miles into the country, he returned to Janesville more convinced than ever that this city would make an excellent location. As yet nothing of a definite nature has been done towards selecting a site.

MEET AT WINONA LAKE.

Assembly of Presbyterians—Three candidates for the position of Moderator.

Winona Lake, Ind., May 19.—Commissioners to the 110th general assembly of the Presbyterian church are hurrying in from all corners of the country. The commissioners gathered in groups. They talked about last year and previous years. Then they spoke of the present and guessed who would be elected moderator.

The Rev. Dr. Wallace Radcliffe of Washington seems scheduled for the distinction. His strongest opponent will doubtless be the Rev. Dr. Henry McCook of Philadelphia. Friends of the Rev. W. H. Roberts of Philadelphia are confident of a generous vote for their favorite. So the struggle for the office centers around these. The West has no one in the field, and will, it is thought, add to the strength of Dr. Radcliffe, who, previous to his going to Washington five years ago, was prominent in the Michigan synod. The gavel will be passed to the new official by Moderator Sheldon Jackson of Sitka, Alaska.

Turples Opposed Bond Issue.
Washington, May 19.—The feature of Wednesday's session of the senate was the speech of Mr. Turples (democrat, of Indiana), upon the war revenue measure. He strongly contended that a bond issue was unnecessary, that all the funds required for the prosecution of the war could be raised through the proposed inheritance tax, by the tax on corporations, by the coining of the silver dollarage and by the issue of legal tender notes. These four means of obtaining money would yield to the government during the next year, he maintained, fully \$300,000,000, an amount in excess of the estimated sum necessary for the conduct of the war.

Says Japan Made No Protest.
Washington, May 19.—"Statements have been made to the effect that Japan is vigorously opposed to the annexation and occupation of the Philippine Islands by the United States," said Japanese Minister Hoshi, who called at the state department today. A great many Japanese live in the Philippines islands, where our commercial relations are important, and while, of course, we have a keen interest in them, I want to contradict the statement that a protest has been entered by Japan. There is nothing in it but wild rumor. As to our differences in Hawaii, they are all settled."

Great Britain Buying Coal.
Washington, May 19.—Great Britain is evidently preparing for a crisis which will occur in the far east. Official information which has been received at the navy department shows that she is buying up great quantities of coal in the far western states and is storing it at her yard at Esquimalt. The cause for Great Britain's action is not known in naval circles, but it is thought that the British government desires to have on hand a large supply of fuel, which will be useful for her squadron in Asiatic waters.

Claim a Victory in Cuba.
New York, May 19.—A dispatch to the Herald from Havana says: "Col. Rodriguez has routed in the Camen hills, near Guines, forces of rebels aggregating 400 men. They were dispersed, leaving many killed and wounded. About 200 bodies were picked up. It is asserted that among the dead is Emilie Collazo. Many horses, weapons and supplies were captured at Guines, and many good soldiers among the insurgents have since sworn allegiance to the government."

Anti-Trust Indictments Quashed.
Springfield, Ill., May 19.—In the case of the people vs. the Springfield Coal company the indictments on each county circuit court. The indictments were brought against the companies in this association, under the anti-trust law, for combining to raise the price of coal last winter.

NEW MACHINE AND OLD ONE.

Madison Journal.—Some of our Republican friends in Milwaukee who have not been satisfied with the actions of the party in some cases of late, proclaim that they intend to form an organization to fight the Republican machine. Wouldn't it be a little better if they would announce that they are organizing to fight the Democratic machine? Is it likely that the Republican party in the state can be strengthened by the course it has proposed to pursue. Of course every man has a right to his opinion, and to favor such measures and such candidates as he may see fit. There should be the fullest freedom in this respect. But when one set of Republicans organize for the express purpose of opposing another set, they are inviting defeat, rather than success, for the party. We have no doubt the gentlemen who are forming the organization in Milwaukee referred to are sincere Republicans who earnestly desire the success of their party but in their zeal to serve their friends and punish their enemies, there is danger that they may create dissension, and weaken rather than strengthen the party. The true political soldier should always keep his gun pointed toward the enemy.

SAYS WE WILL RULE.

Premier Cispriani, Italy's ablest statesman and diplomat, said in private conversation talking of the British colonial secretary's suggesting an Anglo-American alliance:

"England, foreseeing America's future prominence among nations, prudently wishes to profit thereby. I foresaw the great republic's coming influence years ago and discussed with Caprivi, when chancellor of Germany, the advisability of forestalling and stemming it by means of a commercial league of European nations, joint customs regulations and other measures."

"But now the torrent is upon us and Europe must consent to see her future complications settled by a large admixture of American methods and principles."

Now that the United States power

pared to maintain our reputation, thus insuring that we will "live happily ever afterward."

Milwaukee people are looking forward to the spasms of goodness to come after the breaking out of the war. S. F. Miller, treasurer of the Hanover Street Congregational church, says, has reported to the police that on Sunday night the contribution boxes had been robbed of the evening's offering amounting to several dollars in change.

Mr. LaFollette's "machine" is still humming, but the buzz does not bother Governor Scoville. He knows that the people will not "turn him down" simply because the LaFollette machine is against him.

And just to think that the Milwaukee section of the LaFollette machine masquerades under the name "The Anti-Machine Republican club!"

BRIEFS FROM BELOIT

The Track Meet With Lawrence—Fifty Years With the College—Struck By Lightning.

Beloit, Wis., May 14—[Special]—The Lawrence-Beloit track meet has been postponed until about June 3. This will take the place of the regular annual Field day. A great interest is being taken in the event, as Lawrence succeeded in winning last year and Beloit's men do not wish to have it happen again. At a meeting of the Athletic association Jay N. Darling was elected track manager for a year, and Crossatt and Hillebeck members of the Board of Control for the Academy and Freshmen classes respectively.

Next Tuesday afternoon there will be a celebration of Prof. Joseph Emerson's fiftieth year of connection with Beloit college. The last recitation of the afternoon will be omitted, and at chapel services several addresses will be given. There will be special music.

The members of the Eastern Star gave a concert and ball at the Knights of Pythias hall last night. Previous to the dancing there was a concert by the Smith orchestra, of Janesville, and Miss Estelle Rosenblatt, of this city, one of the leading contralto singers of the country. The floor managers were I. Rosenblatt, of Janesville, Charles Menzel, Frank Van Wart and R. M. Turner. The concert began at eight o'clock and the grand march at about half past nine o'clock. The ladies served the supper, which included coffee de Sampson, ice cream a la Marillie, sandwiches a la Infante, Maria Teresa, Olives de Dewey and San Juan cake. It was a delightful social event and a large number of citizens receiving invitations were present.

A barn on the premises of Mr. Will Weirick, about a mile from the city

CAPT. HANSON TELLS ABOUT ZANDER CASE

TWO SIDES TO THE TROUBLE AT CAMP.

Sergeant Sends a Letter to the Milwaukee Sentinel, and the Company Commander Gives His Reasons For Action in an Interview with a Reporter.

Camp Harvey, Milwaukee, May 19—We leave for Tampa tomorrow morning; the first section at 8 o'clock. We are in the second section, an hour later. The boys are joyful.

To go in Three Sections.

The departure will be made in sections. There will be three sections to the train, and the first section will be in charge of Col. Schadel himself.

"I want to be on the grounds, and ready to meet the boys when they get there," said the colonel yesterday. "I don't want them to be forwarded, and then have to wait until the rest of us get there."

The colonel regrets that his regiment is not better equipped, and to tally without tents, but following the attitude of their colonel, the men are making the best of the situation, and are in hopes of having the other parts of equipment as soon as they get to the South.

Accompanying Col. Schadel in the first section, which will consist of Maj. Lynch's battalion, will be the colonel's adjutant, Capt. Olson, the quartermaster of the regiment, some of the staff of field officers and Dr. McDill. The second section will be in charge of Maj. Stearns, accompanied by Dr. Whiting, Lieut.-Col. Young in charge of Major Joachim's battalion, comprising the second section, will be accompanied by Surgeon Major Evans.

"My work is finished this afternoon," said Quartermaster-General Zwischus this evening. "All the men have rifles, bayonets, scabbards, belts, bousons and campaign hats. Nine companies have complete equipments for sixty men and there is an average of nineteen in each of these companies that will still need blankets, bousacks and canteens, while three companies need everything besides the things I first mentioned. This was the best that could be done under the circumstances. The rest is not on hand. The work of making the distribution has been carried on as swiftly as possible."

By tomorrow night the men will have had ample time to get the equipment allotted them in shape. Most of them will leave camp in light marching order, and will have their belongings wrapped up in their blankets and carried about their shoulders when they reach the warm south.

Sketches of Captains.

The Milwaukee Sentinel prefuses sketches of the captains of companies of the first regiments as follows:

"The First regiment of Wisconsin Volunteers, which will in all likelihood leave camp tomorrow or Friday, is the oldest regiment in the state. It is the crack company from Monroe that won first honors at the last inspection and it is one of the largest regiments ever recruited in the state, numbering with its office 1,027 men."

In the early months of 1880 four companies of National guardmen, the Janesville guards, the Bower City rifles of Janesville, the Ouster rifles of Whitewater and the Elsdot City guards joined in an application to Gov. Smith to be organized into a battalion, and in compliance with this application, the order was issued from the adjutant general's office, March 28, 1880. Major W. B. Britton, of Janesville, and a veteran of the Civil war, was induced to accept command of the battalion, and thus was organized the nucleus of the First regiment, which today is one of the best-drilled regiments in the country among the National guardmen. The captains of the companies of the First are all comparatively young men."

Three Rock County Men.

Three Rock county men hold commissions and of them, the Sentinel has this to say:

Captain C. L. Hanson, of Company A, Janesville, is one of the most soldierly men in camp. He has been with the National guard over ten years, and is well liked by the officers in camp and the members of his company.

Captain "Tom" J. Rogers, of Co. E, Beloit, was born in Chicago. He has been with the guard fourteen years, and is 33 years of age. He resigned the position of Inspector of small arms practice on the staff of Colonel Caldwell when General Doe was called to Washington, to accept command of his company, and brought the company from last to first place. Then he retired for a time, 14 years ago last November, again took charge and brought up the company from twenty-ninth to seventh place among the companies of the state.

Capt. Persons, of Co. C, of Whitewater, was born in Johnston, Rock county, Nov. 21, 1871. He too, entered the National guard in 1880, and has successively held the positions of corporal, sergeant, second lieutenant and captain, having been advanced over positions intervening. He has been a captain since January of 1896, and has been a resident of Whitewater seventeen years.

Much local interest has been shown in the matter of the resignation of Herman Zander, as first sergeant of the Light Infantry. Sergeant Zander's statement has been published in the Milwaukee Sentinel. The Sentinel this morning says:

"In reply to the statement of Capt. Zander, Capt. Hanson says that the attempted reduction of Sergt. Zander in rank was due to the latter's inability to take care of the company records, and that when he found what objection Zander had to make, he again offered to retain him in the company and engage a company clerk.

"Mr. Zander," said the captain yesterday, "was not qualified to keep the company records, whereas I for Rock county. He will enter at

the company six years, and when he again offered his services, I accepted him and wished to put him in as first sergeant. To this Zander objected, and I said that I would retain him and engage a company clerk. He wouldn't have it that way, and resigned. He was well liked by the boys, and I liked him myself."

Sergeant Zander's letter was as follows:

What Zander Says.

To the Editor of the Sentinel: Janesville Wis., May 18—Dear Sir: Will you allow me to correct a statement made in your "Sunday Harvey Notes," published in your issue of Sunday last. It was there stated that I was forced to leave my company because of physical disability. This was not the case. The facts are as follows: I have been a member of Co. A, First sergeant of said company for two years, having worked to that position from the ranks. On Friday last Captain [illegible] of Co. A came to me and requested me to give up my rank and take a second sergeantship in order that he might give a personal friend of his a man who joined the company the night before we left for Camp Harvey, my position. Recognizing the manifest injustice of this and being advised by all of the non-commissioned officers of the company as well as the privates, to withdraw from the company rather than submit to being reduced in rank, I withdrew from the company on Saturday last and came back to my old position with the Janesville Clothing company, thus allowing Capt. Hanson to fill the position I lately held, with one of his personal friends. I will add that I passed the physical examination without any difficulty whatever and should have been more than pleased to have gone with my regiment wherever the government sent them, but did not feel that I could go without having confidence in my captain, and this I could not have after his treatment of me. Trusting you will be kind enough to make this correction in your columns, I have the honor to remain,

HERMAN ZANDER,
Late First Sergeant Co. A, First Regiment, W.

JURY IS STILL DELIBERATING

NO VERDICT REACHED IN THE PRATT DAMAGE CASE.

Arguments Concluded Last Evening, and the Judge's Charge Delivered Early Today—No Agreement Was Reached Up to a Late Hour This Afternoon.

There is one thing certain about the \$10,000 damage suit of Elia V. Pratt vs. the city of Janesville, and that is that the jury having the case in hand are not in any particular rush to render a verdict.

MISS KATHERINE TAILOR is suffering from diphtheria and the home has been quarantined.

J. M. SAILOR is in Chicago today making contracts for the Spanish-American war-puzzle.

GEOHOG KOENIG will leave Saturday for Waupaca to enter the drug store of his brother.

They Wanted Dinner.

When the noon hour arrived a knock at the jury room door was heard, and the few awaiting spectators expected a verdict, but in this they were disappointed.

The foreman informed the officer of the court that what they had arrived at was to the effect that they thought dinner time was at hand.

The twelve men were then marched to the Park hotel, and at one o'clock they returned and entered the jury room to again ponder over the question of whether or not the plaintiff was entitled to damages as the result of the injury to her left knee on that eventful evening of July 14, 1895.

Arguments Heard.

The arguments of counsel were finished at a late hour yesterday afternoon, and a good sized number of interested spectators were present to hear all that was said. Hon. Ogden H. Fethers, in behalf of the plaintiff, opened the case, and was soon followed by City Attorney Burpee, who carefully explained to the jury all the minute details of the case from the time of the accident up to the time of trial.

EDWARD M. HYER, in behalf of the defendant, followed City Attorney Burpee and his masterly address to the jury was a feature in itself, and one which no doubt landed with telling effect. Attorney M. G. Jeffries, on behalf of the plaintiff, closed the arguments, delivering his usual excellent address. He made it a special point to refer to the fact that it was hard for the plaintiff in such a case to get witnesses to testify against the city, which accounted for the small number the plaintiff had as well as the large number the defendant had.

Counsel for the plaintiff also stated that in their opinion the stone in the walk had been raised some inches after the accident, which of course made the hole in question smaller.

THE JURY Charged.

Judge John R. Bennett this morning delivered his charge to the jury, carefully going over all the details in the trial and showing no particular favor to either side. The jury then retured with the case in hand.

THE outcome of this particular case will have much weight on whether or not other cases of a like nature are brought before the courts and for this reason the citizens of Janesville in general have interested themselves in the pending action.

CONSIGNMENT TO MOTHER EARTH

Funeral of the Late Mrs. Catherine O'Hara

—Mrs. O'Hara's Obsequies.

From St. Mary's church at 10 o'clock this morning services conducted by Rev. R. J. Boche were held over the remains of the late Mrs. Catherine O'Hara. The edifice was filled with friends of the deceased, and the floral offerings were many and beautiful. The interment was in Mount Olivet cemetery. The pall bearers were: Phillip Knippenberg, Martin Delaney, Patrick Delaney, Paul Laskowski, B. Dugan and John Hegney.

Mrs. JAMES BLISS.

The funeral of the late Mrs. James Bliss was held from the family residence in the town of Rock this afternoon at 2 o'clock. Members of the W. H. Sargent Woman's Relief Corps No. 21 attended in a body.

The pall bearers were: A. F. Hall, H. M. Weaver, William Gunn, W. W. Willis, A. S. Lee, and F. T. Cook.

Mrs. CORA GOWER.

Mrs. CORA GOWER died at an early hour this morning at the home of her stepfather, L. J. R. Lawrence, No. 408 South Franklin street. For a long time she has been wasting away with consumption and her life passed away for want of vitality. Miss Gower was but fifteen years old. She possessed a lovable disposition and was very popular among her young associates.

Services will be held from the home in this city tomorrow at 1:30 p. m., and the interment will be in Oak Dale cemetery in the town of Rock.

Mrs. DORA LUEHLKE.

The funeral of the late Mrs. Dora Luehle will be held from the home at 2 o'clock and from St. Paul's Lutheran church at 2:30 Friday, the interment to be in Oak Hill cemetery.

FELT IN ILLINOIS AND KANSAS.

Riggs, Preston, Brown, Delmar, Blockton, Maloy and Marshalltown in the Path of the Tornado—Great Damage Done to Stock and Property.

The eastern part of Iowa and western part of Illinois were swept by a cyclone Wednesday afternoon. Details could not be obtained, but the number of persons killed is placed at from ten to twenty-five, and the injured at many more than this number. Wisconsin and Nebraska also reported several storms which in many places took the form of tornadoes.

The killed in Iowa, so far as reported, are as follows:

ALLISON, Ola, Delmar.

BUSH FAMILY, near Preston.

CLEMENSON, SAUREN, Delmar.

FLORY, CHARLES, wife, and three children, Preston.

HYNES, JOHN, Brown.

HYNES, MIKE, Delmar.

MALONEY, J. Y., Riggs.

MALONEY, MAGGIE, Riggs.

O'MEARA, WILLIAM, Quigley.

RUGG FAMILY, near Preston.

Four unknown, near Savannah.

THE STORM IN IOWA.

Buildings Destroyed and Lives Lost in the State.

Cedar Rapids, Iowa, May 19.—One of the most extensive and destructive cyclones in the history of the state swept eastern Iowa late Wednesday afternoon, originating just south of Stanwood and traveling in a northeasterly direction, crossing the Mississippi at Preston. At Stanwood no fatalities are reported, although there is hardly a farm building left in the track of the storm.

Passing by Clarence, the cyclone struck the town of Riggs, killing Maggie and J. Y. Malone, injuring many others whose names cannot be learned, and destroying several buildings.

At the village of Brown, John Hynes was killed and several injured. South of Preston the Rugg and Bush families were killed outright.

Owing to the extent of territory swept, it is impossible to ascertain the complete list of fatalities, although it is feared that it will be large.

Within a radius of two miles from Delmar six were killed, among them Ola Allison, Sauren Clemenson and Mike Hynes. The latter was in a house which was blown away and his body cannot be found. Searching parties are at work, but owing to continued rain and darkness little can be accomplished.

Dubuque, Iowa, May 19.—A tornado swept through the farming country a mile south of Preston, in Jackson county. Charles Flory, wife and three children were killed, and two other children cannot be found. Crops and buildings were leveled. Mrs. Kerwin was severely injured.

Dos Moines, Iowa, May 19.—A cyclone swept across Ringgold county, in the southwestern part of the state, causing considerable destruction, though no loss of life. East of the town of Blockton it carried away the buildings belonging to J. A. Miller, who was severely injured by falling glass and articles picked up by the storm. His daughter was picked up and dropped so forcibly that both lower limbs were broken.

Then the storm lifted and, going seven miles northward, swooped down on Maloy, a station on the Great Western, where it wrecked the school house and tore up the depot. Many people narrowly escaped death. An old lady, in a house, which was torn down, just south of Maloy, was injured badly.

An electrical storm struck Muscatine, in the southeastern part of the state. A tree was struck by lightning and the storm drove one large branch into the side of a building 400 feet away. At Wilton, near there, lightning struck the barn of butcher named Batwiek, destroying it and killing four horses.

Marshalltown, Iowa, May 19.—One of the worst hallstorms experienced in Marshall county swept the entire county shortly after noon Wednesday. The morning was exceedingly sultry, and the storm commenced at 1 o'clock and lasted half an hour, during which time half fell almost continually, accompanied by a perfect torrent of rain. One hallstone picked up was over four inches in circumference, and weighed five ounces. Reports from various portions of the county say no great damage was done, and that the rain more than settled the difference, but it is certain small fruit suffered some.

Clinton, Iowa, May 19.—The first cyclone since the fatal one at Coonmane, years ago, struck Clinton Wednesday afternoon. Passing between Clarence and Stanwood, it pursued a winding course through the farming districts, not striking a single town as far as known now. It barely touched the edge of Jackson county, crossing the Mississippi river below Sabula, Iowa, and striking Illinois between Savanna and Thompson. Telegraph and telephone wires are down in the path of the storm.

A second terrific storm of rain, thunder and lightning has seriously hampered matters, and further damage is feared.

O'Meara was the only one not killed outright, but was fatally injured.

Near Savannah, Ill., at least four names unknown here, are reported killed, and it is feared there are many more fatalities on both sides of the river.

The property loss cannot be estimated, but will be very heavy. The south part of the town of Ohio, Ill., was badly damaged also. The force of the storm was terrific. Large trees were torn up and buildings totally wiped out in many cases. Chickens were stripped

of their feathers, and other curious phases noted.

Bellevue, Ia., May 20.—A terrible and destructive cyclone swept across this section of the country between 4 and 5 o'clock Wednesday afternoon. The cyclone originated near Ellwood, in the southwest portion of this county, and swept across the county in an easterly direction, passing between Preston and Miles, and touching Preston with its outer edge. It was about forty miles in extent and about three-quarters of a mile wide in most places.

East of Miles the cyclone jumped and struck the Maquoketa river, following it to its mouth, and crossing to the Illinois side, where a small place east of Havana, Hickory Grove, on the Milwaukee road, was wrecked by a water-spout. Considerable loss of life and property was reported.

The cyclone went just south of Preston, destroying everything in its path. Farm houses, barns, out-buildings, and everything of a movable nature was swept away.

Nearly all stock in the path of the storm was killed or mangled and carried away.

An entire family named Breen was killed. It is thought, not a member escaping. They lived south of Preston, and directly in the path of the cyclone.

William Hildebrandt, a young farmer, whose home is at Andrew, was also instantly killed, and a companion seriously injured. There was a large number of persons injured, and it is feared several of them will die.

ILLINOIS TOWNS VISITED.

Storms Reported at Compton, Elgin and Other Points.

Compton, Ill., May 19.—A terrific tornado passed in a northwesterly direction at 6:15 p.m. Wednesday one mile north of here. Scores of people witnessed it. There was not much rain, but some hail. Much damage is reported. Many farm houses and buildings were completely demolished. Several persons were reported killed, and several injured.

Elgin, Ill., May 19.—The wind and hailstorm here was terrific, resulting in some washouts and many broken windows. West of Elgin the storm appeared much worse.

Rockford, Ill., May 19.—Reports received here state that a destructive cyclone passed over the section of country lying ten miles southeast of this city at 6 o'clock Wednesday evening, being the most severe in the vicinity of New Milford, Davis Junction and Stillman valley. No loss of life reported.

Three Are Killed in Kansas.

Wichita, Kan., May 19.—Cunningham, a town of 400 inhabitants, fifty-three miles west of Wichita, was destroyed by a tornado at 9 o'clock Tuesday night. Three persons were killed and four are missing. The storm swept everything clear in a track 300 yards wide for a distance of several miles. Only three buildings were left standing in Cunningham.

PEACEFUL END OF A LONG LIFE.

William Ewart Gladstone, Four Times Premier of Great Britain, Passed Away at His Home, Hawarden Castle—Death Had Been Long Expected.

Hawarden, May 19.—Mr. Gladstone died at 5 o'clock this morning. Mr. Gladstone had been unconscious practically all day, though at times he seemed to recognize for a moment some of the watchers about him. Certainly he recognized his wife, who was beside him all day, except when the physician prodded upon her to rest. She tenderly clasped her husband's hand as she watched him. Apparently he slept a good deal; occasionally he uttered a few words in an incoherent

WILLIAM EWART GLADSTONE, dreamy way—words which those who were watching were unable to catch. Their only consolation was that he was not suffering pain. No narcotics were administered.

Though a national funeral will probably be accepted by the family, there is little doubt that the remains of Mr. Gladstone will be laid to rest in the peaceful graveyard at Hawarden, adjoining the church where he was married more than half a century ago.

London, May 19.—Every other topic in Great Britain dropped out of sight before the passing of Mr. Gladstone. Hawarden focused the attention, which, from the highest to the men in the street was respectful, sincere and profoundly moved. In two places, perhaps, was the tension most keen and most heartfelt—the house of commons and Hawarden.

Just before the house rose Wednesday a telegram from Mr. Herbert Gladstone reached Lord Salisbury, announcing that his father was sinking. Already before his death the hush of grief seemed to fall over the scene of his triumphs, and from the present men turned to the past, recalling sayings and doings. It was generally felt that his dying was but the sequel to that great scene witnessed four years ago, when, his last speech spoken, he quitted the house without one word of spoken adieu. Anticipating the inevitable, the members of the government discussed the appropriate procedure to be observed and resolved that no effort on their part should be wanting to mark a suitable sense of their loss.

Disregarding recent precedents, it was decided that the program in parliament should be the same as that adopted in the cases of the earl of Chatham and of the younger Pitt—namely, an address to her majesty, praying for a funeral at the public charge and a monument erected in Westminster abbey.

Throughout the whole kingdom every public gathering added its words of deep grief to the volume of national mourning clearly voiced in the telegram from the prince of Wales sent to Mr. Henry Gladstone before his father's death:

"My thoughts are with you, your mother and your family at this trying time you are experiencing. God grant that your father does not suffer."

"ALBERT EDWARD."

At the banquet of the Home Counties Liberal federation Sir William Vernon Harcourt, liberal leader in the house of commons, instead of delivering an important party attack, only uttered a few words of grief and left the room. The Duke of Devonshire, lord president of the council of ministers, speaking before the British Empire league, referred touchingly to the mournful scenes at Hawarden, where "the greatest Englishman was slowly passing away."

In other places Lord Mayor Horatio Davies, Lord George Hamilton, secretary of state for India; Sir Henry Campbell-Bannerman, and many others in London, as well as in Birmingham, Swansea, Cardiff, Liverpool, Edinburgh and elsewhere, at all sorts of gatherings—politicians, divines, reformers, agitators and women—joined in the expression of national and individual grief, while the press, without exception, published columns of detail and columns of editorial comments.

It was the topic of the hour in Great Britain; but abroad the evidences of sympathy were almost as universal. M. Faure, president of the French republic, daily inquired, and has regularly received every bulletin. The press of Belgium, France, Italy and Greece, in a spontaneous outburst, recalled how many oppressed peoples during Mr. Gladstone's life have offered hymns of praise for his intervention in their behalf.

Afghan Troops on the Way.

Victoria, B. C., May 19.—The steamer Queen touched here on her way to Seattle from Alaska. She had on board Brig.-Gen. T. H. Anderson and two companies of the 10th Infantry, U. S. A., who have been doing police duty in southeastern Alaska, and were recalled when hostilities with Spain began.

Dr. Brown's Reciting Sin. Criticism of the Rev. Charles O. Brown is more severe now than at any previous time, and that by his fellow Congregationalists. Dr. Brown, it will be remembered, was pastor of one of the most prominent churches on the Pacific coast. The record of his trial is too well known to need repetition here. After causing himself and a lot of other people no end of trouble, Dr. Brown now makes a confession of a part of the accusations. It is for causing so much annoyance, and the fact that he has lied through all these years, that he is now receiving hot condemnation from people who were formerly his friends. The opinion is freely expressed that his last sin is greater than his first.

Now Heading for Martinique. New York, May 19.—The Herald's correspondent in Barranquilla, United States of Colombia, telegraphs that Admiral Cervera's squadron has not come to that port. It is reported there that the Spanish ships, which left Willemstad, on the Island of Curacao, Sunday evening, have been sighted by incoming vessels, heading toward Martinique.

Buy Fish Cheaper Than You Can Catch Them

The many times you go fishing and the few times you catch anything entails more expense than if you came directly to us and bought your Friday dinner meat.

Every day we have fresh caught fish direct from the lakes. The largest invoice of the week arrives on Thursday so that you have plenty of time for selection. Our order this week includes

Skinned Bullheads,

Trout and

White Fish 

We also evpct to receive Pickeral. Our fish refrigerator is of the best pattern, keeps the fish on broken ice at an even temperature. Your Friday order will receive careful attention at our fish market.
